B. REASON FOR RECOMMENDATION

This is an information item only.

C. BACKGROUND INFORMATION

The District is pleased to announce that it has received \$300,000 from the California Office of Emergency Services from the Community Power Resiliency Allocation to Special Districts Program to purchase radio equipment and a generator for the Corp Yard. More than 230 special districts applied but only 96 received an award.

The Tesla batteries for the energy storage project have been installed and should be in service in the next few weeks. This \$1,856,000 project will be completely paid for by the Southern California Edison Self-Generation Incentive Program.

Lake Update

As of March 17, 2021, Lake Arrowhead was 3.03 feet below full at 5,103.67 and rising. The new water year started October 1st and the area has received 11.84” of precipitation according to the USGS rain gage located at the Bernina Water Treatment Plant. This is 45% of normal. Typically, the area receives 84% of its precipitation by the end of March (28.3”). Deterministic models predict that the odds of reaching normal are only 10%.

SUBJECT: NOTIFICATION OF SUBRECIPIENT ALLOCATION
Fiscal Year (FY) 2020 Community Power Resiliency Allocation to
Special Districts Program
Period of Performance: July 1, 2020, to October 31, 2021

Dear Ms. Cerri:

The California Governor's Office of Emergency Services (Cal OES) approved your FY 2020-21 Community Power Resiliency allocation in the amount of \$300,000. Eligible activities under this allocation are limited to:

- Equipment-
Funds may be used for the procurement of:
 - Generators and generator connections for essential facilities, with an emphasis on clean energy and green solutions where possible or other alternative backup power sources;
 - Generator fuel and fuel storage;
 - Redundant emergency communications (e.g., battery-powered radios);
 - Portable vehicle-mounted charging stations;
 - Portable battery-powered and rechargeable radio repeater and transmission equipment.

- Plans-
Funds may be used for the development/update of:
 - Continuity plans;
 - Contingency plans for electrical disruptions that include considerations such as protecting individuals with access and functional needs, medical baseline and socially vulnerable populations, transportation, emergency public information, and preservation of essential functions;
 - Risk assessments for critical infrastructure and lifelines;
 - Post-event reports that identify lessons learned and corrective actions.
- Public education materials or supplies focused on individual family preparedness for electric disruptions.
- One-time costs associated with identifying and equipping resource centers for the public to access during electrical disruptions.

The following activities are **not allowed**:

- These funds shall not be used to secure, compensate, or backfill professional services contracts.
- Response costs associated with electric disruption events including any staffing or new positions, Emergency Operations Center staffing, security, law or fire response, or other overtime charges.

All activities funded with this allocation must be completed within the Grant Subaward period of performance. Additionally, the Subrecipient is subject to the following requirements:

- As a condition of receiving funding, special districts are encouraged to collaborate with their county to support critical infrastructure and resiliency with a particular focus on public safety, vulnerable communities, and individuals with access and functional needs.
- Must ensure they and their principals are not presently debarred, suspended, proposed for debarment, or declared ineligible.
- Must provide a Progress Report on the expenditures of the funds. The Progress Report is due no later than **November 30, 2021**. This Progress Report shall identify how the funds have been used, including identifying each project or activity undertaken, local entity that undertook the project or activity, the amount of funding provided to the project or activity, and a description of each project or activity. The report shall also identify the specific outcomes achieved by each project or activity,

including whether the project or activity was completed and whether it was used during power outages.

- Must coordinate with their city or county planning agency to ensure that the project is in compliance with the California Environmental Quality Act (CEQA) Public Resource Code, Section 21000 *et seq.*
- Comply with the California Public Records Act, Government Code Section 6250 *et seq.*
- Must procure goods and services in compliance with applicable state and local laws, ordinances, rules, regulations, and policies.

The undersigned represents that he/she is authorized to enter into this agreement for and on behalf of the Applicant.
