

**LAKE ARROWHEAD COMMUNITY SERVICES DISTRICT**

**MEMORANDUM**

**DATE:** March 24, 2020

**TO:** BOARD OF DIRECTORS  
Lake Arrowhead Community Services District

**FROM:**   
MIKE BLACKWOOD, Field Operations Manager

  
CATHERINE CERRI, General Manager

**SUBJECT:** CONSIDER PURCHASING MANHOLE LIDS FOR JOB 212  
MANHOLE REHABILITATION

**A. RECOMMENDATION**

It is recommended that the Board of Directors authorize the purchase of 15 PAMTIGHT and 125 PAMREX 24-inch manhole frame and covers for Manhole Inflow Reduction 2020, Project No. 212.

**B. REASON FOR RECOMMENDATION**

In the recent past the PAMTIGHT and PAMREX manhole frames have proven to be in short supply if not purchased early in the year. In order to ensure the necessary product, staff has decided to seek the Board of Directors' approval to purchase these necessary items in advance of the anticipated approved contract for Project No. 212 to commence this summer 2020.

**C. BACKGROUND INFORMATION**

The PAMTIGHT manhole cover is a security cover that bolts down and helps limit access and potential vandalism. These will be used on the District interceptor sewer that conveys wastewater to the Willow Creek Treatment Plant. The use of the PAMTIGHT manhole frame and cover not only adds a security measure to a vital sewer line but might assist in avoiding sewer overflows due to hydraulic surcharges like those experienced during the February 2019 storm events. The PAMREX manhole cover will be used in various locations throughout the District as a means of eliminating inflow to the District's wastewater system. The PAMREX manhole cover is the preferred cover due to it being hinged, much lighter and having an inflow reducing gasket. The PAMREX cover has been used exclusively by the District for nearly ten years.

**D. FISCAL INFORMATION**

The cost associated with the approval of this item will be \$48,250.00. The total project budget is \$260,000 and is included in the 2019-20 Budget. The funds are provided by the Wastewater Capital Improvement Fund 210. The purchase will be made through Famcon Pipe & Supply Inc. as they are the sole source and exclusive distributor for the western United States.

**E. ENVIRONMENTAL IMPACT**

This action item does not qualify as a project under the California Environmental Quality Act (CEQA).

**F. ATTACHMENTS**

**FAMCON PIPE & SUPPLY, INC.**  
US MARKET

**PAM**

As agreed and as specified on our contract, signed between both parties, Saint-Gobain appoints the Distributor Famcon as its sole and exclusive distributor for the sale and distribution of the products listed in Appendix 1 (hereinafter referred to as the “**Products**”) in and throughout the Territory (as defined below).

PAM BRAZIL is appointing the Distributor hereunder with respect to the resale of the Products to any purchasers whose principal place of business is located in the states of Arizona, California, New Mexico, Nevada, and Utah, UNITED STATES OF AMERICA (the “**Territory**”).

The Distributor shall at all times comply with the Partners Charter (hereinafter referred to as the “**Charter**”) of PAM which is attached to this Agreement as Appendix 2. Saint-Gobain joined the United Nations Global Compact which is a strategic policy initiative for businesses that are committed to adopt, support and apply fundamental principles in the areas of human rights, labour, environment and anti-corruption. The full compliance with the Charter by the Distributor and PAM is of the essence to the cooperation between PAM and the Distributor.

Sincerely,

Felipe Porto  
Export & Industry Sales Coordinator
