**RE: Public Records Act Request Received November 14, 2016**

Dear Mr. Schweiss:

This letter responds to your request under the California Public Records Act (Gov. Code §§ 6250 – 6276.48), received via email on November 14, 2016. We are responding to your request as follows:

1. *“as to any communication of the July 2, 16 patently false allegation "attempt to access" made to supervisor by involved/reporting district employee; include date, length of contact, numbers called and especially any response communications.*

The District is providing with this letter copies of District employees' personal cellular phone records for "any communication of July 2, 16" referenced above. Please be advised that the District has redacted from the personal cellular phone records all information that doesn't pertain to District business and therefore is not subject to the Public Records Act.

Because the District will not release information that is not subject to the Public Records Act, as described above, the law requires the District to provide a written response when a records request is denied, either in whole or in part. (Gov. Code § 6255, subd. (b).) The Public Records Act also requires that notification of denial of any request for records must include the names and titles or positions of each person responsible for the denial. (Gov. Code § 6253, subd. (d).) With the name and title of the undersigned, this letter fulfills both of the aforementioned legal requirements.

Sincerely,

*Kathleen Field*
