Re: Public Records Act Request Received Via Email March 9, 2020

Dear [REDACTED],

This letter responds to your request for records under the California Public Records Act (Gov. §§ 6250 – 6276.48), received via email on March 9, 2020. You requested the following information:

- 1. Property Address: 179 State Hwy. 173, Parcel Number: 0331211110000. Can you please advise if you provide service to the above mentioned property? If, which services (water, sewer, and/or garbage) and are there any fees owed for this property*

In response to item #1 above, Lake Arrowhead Community Services District provides water and wastewater services to the property address provided above. However, the District will not be providing “fees owed for this property.” Utility usage data, credit history (e.g., payments, delinquencies, balanced owed, etc.) and other utility account information is all exempt from disclosure under the Public Records Act, pursuant to Government Code section 6254.16.

Because the District is not providing the exempt information described above, the Public Records Act requires the District to provide a written response when a records request is denied, either in whole or in part. (Gov. Code § 6255, subd. (b).) The Public Records Act also requires that notification of denial of any request for records must include the names and titles or positions of each person responsible for the denial. (Gov. Code § 6253, subd. (d).) With the names and titles provided below, this letter fulfills both of the aforementioned legal requirements.
