

OUTDOOR WATER REBATE PROGRAMS

High Efficiency Nozzles Rebate Requirements

High Efficiency nozzles (HEN) are 20%-30% more efficient. The rebate amount for a qualifying HEN is up to \$3 per Nozzle (minimum and max limits).

Eligible HENs must be:

- New
- On the SoCal WaterSmart List
- Entire Zone upgrade

Weather-Based Irrigation Controller Rebate Requirements

Weather-Based Irrigation Controllers (WBIC) help manage water use by responding to changes in weather. The rebate amount for a qualifying WBIC is up to \$150.

Eligible WBICs must:

- Be new
- Include a weather sensor
- Be EPA WaterSense certified
- Turn in old controller

Water Efficient Landscaping Rebate Requirements

Water Efficient Landscaping (WEL) uses more efficient irrigation systems. The rebate amount for qualifying systems is up to \$200.

Eligible WELs must:

- Retrofit to drip/bubbler irrigation
- Have a pre/post inspection
- Be new equipment

Disclaimer: Funding is limited and submitting a rebate application does not guarantee you will receive a rebate. Rebates will be issued on a first-come, first-serve basis until funding is exhausted. Lake Arrowhead Community Services District (LACSD) reserves the right to deny applications if any conditions or qualifications are not met. The District reserves the right to change the terms of this program at its discretion, at any time without prior notice. By participating in this program, you waive and release LACSD from any and all claims and causes of action arising from the installation or use of rebated products. Any claim based upon defect or failure of performance of rebated products should be pursued with the manufacturer and/or distributor. The District is not responsible for receipts or paperwork lost in the US mail. The District cannot guarantee that any participation in this program will result in lower water utility bills. Customer is responsible for complying with local ordinances, restrictions, rules, and regulations prior to installing any new equipment.
